New route at Yellow House:

Flag Cascade ** E1 5b 55m

15-1-10 Pete Thompson, Mohammed Break

Left of existing routes, just past the yellow/ochre house, the route climbs good rock up a cascade line on the lower tier. 5 minutes approach from the road. Start 15m to the left of a UAE flag painted on a boulder which can be seen from the road. There are two cracks which converge beneath an overhang. Take the left-hand crack.

35m 5b Climb the crack and the overhang to a small stance below a small cave (possible stance beneath the overhang).

20m 4b Continue up the crack line with an unprotected section for a few metres. Move right slightly to stay on the water-worn rock and continue to the chain. Abseil or scramble up and walk off to the right to the Yellow House approach gully.
